

MINISTRY OF EDUCATION

PROVISION UNDER THE PRIMARY TEXTBOOK PROGRAMME 2010/2011

The attached table shows the titles of the textbooks/workbooks that the Ministry of Education will be providing free-of-charge to students in Grades 1-6 in all **Primary, All Age and Junior High schools under the Primary Textbook Programme 2010/2011.**

The Literacy 1-2-3 materials form part of the provision of new materials aimed at supporting the literacy window in the Revised Primary Curriculum. These materials were developed for Grades 1, 2 and 3 under the Primary Education Support Project (PESP). **(These were delivered to your school in 2008).**

You are asked **to ensure** the following:

- Parents are made fully aware of all materials that students are being provided with through the Primary Textbook Programme 2010/2011.
- **The Grades 1-3 Integrated Studies (Macmillan Series) has both student textbooks and workbooks. The student textbooks are to be used for two years until July 2011, while the workbooks are one-time use and will be replaced for the 2010/2011 school year.**
- **The Mathematics books for Grades 1-3 are workbooks that require students to write in them. They will be replaced for the 2010/2011 school year. Those for Grades 4-6 are student textbooks that should be used for two years until July 2011. Hence, students should not be allowed to write in these textbooks.**
- The Literacy 1-2-3 materials, Anthologies (Grades 2-3) and Doctor Bird Readers (Grades 4-6) that were supplied in 2008 should be used for three years until July 2011 when they will be replaced.
- **The Social Studies and Science textbooks are to be used for three years. Therefore, the Social Studies and Science textbooks for Grades 4 and 6 that were supplied in 2008 should be used until July 2011.**
- **The Social Studies and Science textbooks for Grade 5 that you received in the 2009/2010 school year, should be used for three years until July 2012.**
